Exhibitor profile

485 exhibitors from **22 countries & regions**, a steady increase in exhibitor numbers, with more international exhibitors (**187** overseas exhibitors, **298** domestic exhibitors)

Country & region pavilions and zones from **Belgium, Czech Republic, Germany, Italy** and **Taiwan** joined the fair along with the **European Zone**, plus **regional industry cluster pavilions from China**

They displayed a full range of nonwovens and technical textiles, along with major technical textile machineries and more

Exhibitors' satisfaction level

79% of exhibitors met their participation objectives

82% of exhibitors will consider returning to the next edition

Top 5 product groups and exhibitors

Technology, machinery, accessories

Nonwovens

Coated textile

Woven fabrics, laid webs, knitted fabrics, braidings

Fibre & Yarn

The **visitor flow is high** and we met some potential customers. This is an important event for us to **showcase our new applications** to the new customers. Being an overseas brand is an advantage here as **Chinese customers are keen on sourcing high quality products from European companies**.
Mr Cristiano Capitanio, Sales Manager – Asia Pacific, Itema S.p.A., Italy

We met many **retailers** and **agents**, and the diverse nature of the **visitor flow is highly suitable** for our company strategy and business model. Market demand is increasing steadily here and we plan to make bigger investments in the China market.
Mr Carlos Zhang, Senior R&D Engineer, Trelleborg, Sweden / China

Visitor profile

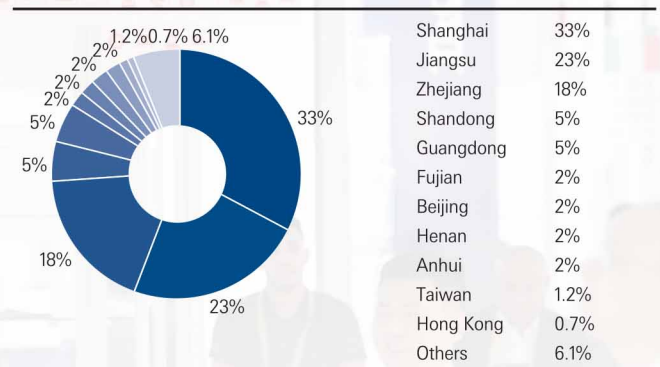

13,203 visits from
55 countries & regions

2 visitor delegations
from Turkey and Indonesia

99% of visitors were satisfied with their visit to the show

Greater China visitors by area

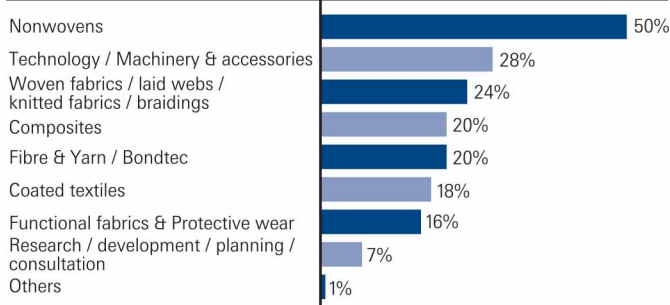

Top 10 visitor countries & regions (Excluding Greater China)

Visitor analysis

Breakdown of sourcing interest by product*

*The total % is over 100 due to multiple selections.

Breakdown of sourcing interest by end application*

*The total % is over 100 due to multiple selections.

Premium visitors in 2018

The international and Chinese companies are both attractive to me. I can meet the big brands and discover some medium size companies from China.

Mr Ramia Bisset, Newway Fabrics Trading Ltd, France

Visiting this fair is always a nice experience. You can always find something new, and it's a good chance to meet existing suppliers as well as find new ones.

Mr Viraj Roongta, Director – Sales & Marketing, Stuti Exports Pvt Ltd, India

Concurrent events

An array of fringe programme events revealed the newest global industry and product trends, provided different perspectives on the Asia-Pacific market potential, and ultimately showcased the latest achievements in the technical textile and nonwoven industries.

20 seminars and a panel discussion

Industry leaders, such as CHTC, DuPont, Ibena, Jinda, Sateri, SGS and more, delivered presentations on innovative products, latest technologies, specific solutions and market trends onsite.

Protective Textile Display Zone

Four leading international suppliers (DuPont, Ibena, Lenzing, SGS) showcased the full supply chain of protective textiles. From fibre to fabric, to apparel and gears, they illustrated industry trends and domestic standards.

Innovation Showcase Area

Leading achievements in four application areas were showcased and obtained strong recognition from both exhibitors and visitors:

- **Clothtech**
- **Medical and hygiene**
- **Transportation**
- **Safety and protection**

The concurrent 7th China International Nonwovens Conference

Visitors enjoyed over 20 seminars led by world leading nonwoven associations from China, Europe, the USA and Chinese regional and downstream industry associations and councils. The conference also included renowned industry medias (IRIS), research institutes (CETI, Chinese Academy of Science, Donghua University, Hong Kong PolyU, Tianjin PolyU, The University of Tokyo), leading supplier Berry Plastics Group and industry cluster government representatives. They discussed global industry trends, market potentials, industry standards and policies in both disposable and durable nonwovens.

See you in 2020!
