

Cinte Techtextil China is the ideal trade fair for technical textile and nonwoven products in Asia. This year the fair welcomes **Soyang Technologies Co Ltd** from **China** to showcase their **product line-up** that includes: **MemoTex** - PVC fabrics for industrial applications; **SonneTex**- 100% solution dye PET performance fabrics for shading usage; and **Solar**- 100% PVC-free, recyclable, degradable and green products for indoor and outdoor.

(Detailed product info featured on page 2.)

Soyang Technologies Co Ltd

As the leading manufacturer and supplier of functional textile in China, Soyang apply ourselves in textile developing and producing. From yarn to finished products, we have established the full manufacture scale. We do our own warping, knitting/ weaving, dipping, coating and finishing, taking first-class management on each stage of the process.

Today, the textile products from Soyang have been widely used in digital printing for large format advertising/ exhibition, technical textile for tent/ awning/ covering, and decoration.

MemoTex: PVC fabrics for industrial applications

MemoTex™ is the trade mark of Soyang's technical textiles for industrial usage, including tent series, air-tight & inflatable series, solar screen series, covering fabric series, and general tarpaulin products currently. MemoTex provides the widest options and highest qualities from China for your specific demands.

MemoTex Air-tight series presents a selected range of premium-quality, high-safety and heavy-duty fabrics with excellent air impermeability, to meet high-strength required applications, like inflatable boats, inflatable kayaks, rafts, yachts, rescuing equipment and etc.

MemoTex™ portfolio also includes MemoTex Covering; MemoTex Sun Screen; Premium Coated Fabrics; Hybrid Coating Fabrics; Air-supported Structure Fabric, etc.

SonneTex- 100% solution dye PET performance fabrics

SonneTex™ includes a range of superwide (up to 3200mm/126") high quality 100% Solution Dye PET performance fabrics and a range of premium quality 100% solution Dye Acrylic for awnings, marine, indoor and outdoor upholstery, camping tents, and more applications.

Solar: Eco-friendly printing series

Solar is a completely Eco-friendly printing series for medium-term use both outdoors and indoors, including frontlit, backlit, blockout, mesh, etc. With outstanding features and super-wide width up to 5m without seamless, Solar offers overwhelming print dimensions and is widely used in advertising, exhibition, retail, decoration, and more fields.
