CNITA

Asia's leading technical textiles and nonwovens trade fair

As the daughter show of Techtextil in Germany, Cinte Techtextil China is favoured globally for its established brand and proximity to APAC hotspots. The fair showcases products across 12 application areas, offering bespoke solutions for diverse industry needs as well as driving innovation and sustainable growth.

Product profile

- ◆ Technology, equipment & accessories
- ◆ Fibres and yarns
- ◆ Woven fabrics, laid webs, braidings, knitted fabrics
- ◆ Nonwovens
- ◆ Coated textiles
- ◆ Functional apparel textiles
- ◆ Bondtec (surface and bonding techniques)
- ◆ Composites

Debut zones spotlight innovation

2025 will mark the launch of the fair's all-new **Medtech & Protech and Mobiltech Zones**. Tailored to address the growing demand of these sub-sectors in Asia, the two dedicated zones will offer exclusive product highlights and cutting-edge technologies.
