# Your chance to connect with Asia's market and the industry's future

Surging demand across **Mobiltech, Medtech & Protech**, and **Indutech** is driving robust, long-term growth in global technical textiles and nonwovens. In an expanding yet competitive environment, industry leaders are turning to sustainable, high-end technological innovation to gain an edge. As a premier platform catering to the evolving requirements of Asia's vast market, **Cinte Techtextil China** spotlights **high-demand sectors** and showcases **nine product categories** such as textile production technology and processes, nonwovens, and fibres and yarns. The fair connects global decision-makers, manufacturers, trading companies, associations and research institutions. Seize the **chance** to **debut innovations, forge strategic partnerships, and increase your business** across Asia and beyond.

**European & German Zones –**  
spotlighting international  
expertise

**Association Village –** fostering  
collaboration and partnerships

**Themed zones –** promoting  
strategic sectors and key  
innovations

## Special highlights
